IN-USE

OIL CANNING

All flat metal surfaces can display a waviness commonly referred to as 'oil canning'. This is an inherent characteristic of steel products and not a cause for panel rejection.

UPSTATE METAL SALES

METAL ROOFING, SIDING, AND CUSTOM PANELS

MADE IN USA

Upstate Metal Sales is founded on 30 years experience in roofing. We manufacture quality metal roofing, siding, and custom panels in Upstate New York for delivery nationwide. We personally deliver locally and take pride in our customer service. Contact us for custom bending or copper work. We also supply all the flashing and trim, underlayments, fasteners, snow rails and guards you need.
